

## 2 Killed, 7 Hurt In Week-End Crashes

Two persons were killed and seven others injured, at least two of them seriously, in two week-end auto accidents which occurred within a 24-hour period on county highways.

A soldier is dead, a Hanover youth is unconscious in the Warner hospital and five other persons are suffering from less serious injuries as a result of a two-car crash at the York Springs intersection at 2 o'clock this morning.

A 17-year-old youth was killed and his girl companion was seriously hurt when their machine hit a bridge wall at the southern edge of Biglerville at 2 a. m. Sunday.

## Soldier Dies Car Strikes Bridge Wall

A Berks county soldier returning to his post at Fort Meyer, Virginia, was fatally injured and two companions were hurt when their car collided with a machine bearing four Hanover boys home from a roller skating party at Carlisle.

The crash occurred this morning at 2 o'clock at the York Springs intersection. All of the Hanover youths were injured, at least one of them seriously, while a fourth soldier escaped with a shaking up. Both cars were badly damaged.

PFC. Ralph Shatzler, 19, Laurel-dale, Berks county, was killed instantly. He was thrown out of the car, suffering a fracture of the skull and internal injuries.

### Four In Hospital Here

PFC. Milton Manbeck, 29, Ono, Lebanon county, owner and operator of the car in which the soldiers rode, escaped with cuts about the head and bruises. PFC. Earl Funk, 23, Lebanon R. 3, suffered a shoulder injury and cuts about the head. PFC. William Kelly, 37, Kingston, Pennsylvania, was not injured. The soldiers were taken to the Warner hospital and later this morning were removed to the Army hospital at the Carlisle barracks.

The other injured are:

Harold Little, 16, son of Mr. and Mrs. Walter Little, Hanover, fractured skull, numerous abrasions of extremities. His condition was described as serious today at the Warner hospital although somewhat improved from the time of his admission.

Francis Altland, 15, son of Mr. and Mrs. Leo Altland, Abbottstown, fractured back, laceration of left upper eye-lid, multiple contusions and abrasions of right elbow and right knee. His condition was described today as satisfactory at the hospital.

Leonard Zinn, 18, 116 Westminster avenue, Hanover, internal chest injuries, multiple lacerations of the face and scalp, possible fracture of the skull. He had several teeth knocked out. Hospital authorities reported his condition "satisfactory for the present."

Burnell Raubenstine, 17, son of Mr. and Mrs. Harry Raubenstine, 552 South Franklin street, Hanover, minor contusions of the face, sprained back, cerebral concussion. His condition is not serious. He also is a patient.

### Zinn Was Driver

Private George Ackerson of the Gettysburg substitution of the state police investigated the fatality and said that Leonard Zinn admitted he was the driver of the Hanover car, owned by Little's brother, Robert D. Little, now serving in the armed forces.

The officer learned that the four youths in the Hanover car were en route to their homes after spending the evening roller skating at Carlisle—nearly 40 miles from their homes.

The soldiers were southbound on the Gettysburg-Harrisburg highway when the Hanover car "flew" across in front of them, in the words of Private Manbeck. Manbeck estimated his own speed at 35 to 40 miles an hour. He said the other car was going "about 80 miles an hour" and came out the side road so fast he had no opportunity to apply his brakes.

### Snapped Off Pole

The front of Manbeck's car hit the Hanover machine causing the latter machine to roll over, snapping off a heavy telephone pole and coming to rest on the machine's top with the stump of the pole near the front bumper. The remainder of the pole, with its heavy transformer, dangled above the wrecked machine, supported by the phone wires.

Manbeck's car did not upset but came to a stop along the Hanover road about 20 feet from the intersection.

Dr. C. G. Crist, county coroner, who joined with the police in probing the fatal crash said Zinn told him "everything went black" before he reached the intersection. Investigators believe he may have dozed at the wheel.

A sister, Mrs. Emma Rebert, South street, and the family of her son, W. H. Hake, who reside at home, will be present for the day.

Mrs. Hake recalls the battle of Gettysburg from an incident at the farm near McKnightstown where she lived with her parents, the late George and Annie Trostle Biesecker. Some Confederates, believed to have been part of Stuart's cavalry, stopped at the Biesecker home and took the horses and most of the foodstuffs, she said.

### Had 9 Children

Mrs. Hake remembers her father speaking to one of the soldiers when the sound of a cannon shot was heard. The soldier said, "Boys, the battle is opening" and the horsemen mounted and rode away at top speed toward Gettysburg.

Her husband, the late W. A. Hake, died in 1891. They had nine children, of whom three are still living: W. H. Hake, Springs avenue; J. Nevins Hake, Laurel, Indiana, and Mrs. Mary VanDyke, Cranberry, New Jersey.

# Sofia Is Bombed; Allies Near Rome; Reds Break Nazis

By RICHARD McMURRAY  
The Associated Press

American planes bombed Sofia Sunday, bringing the war home to the capital of Bulgaria which had been holding down her Balkan neighbors of Greece and Yugoslavia with occupation troops.

Other Mediterranean air fleets struck into the French Riviera at the Antheor viaduct leading to Italy to cripple German communications into the peninsula, where the Fifth and Eighth Armies were engaged in inconclusive fighting within 75 miles of Rome. Still other planes bombed Yugoslavia and the Civitavecchia harbor north of Rome.

### Allied Reply To War Action

The Swiss reported a violent air attack also could be seen and heard at the northern Italian railway center of Luino, 24 miles northwest of Como, starting at 11:30 a. m. today.

It was Bulgaria's first real taste of Allied revenge for her declaration of war on the United States and Britain shortly after Pearl Harbor. Reconnaissance planes frequently have scouted the Balkan kingdom, which lies across the Black Sea from Russia with which it still is at peace, but this was the first real business with bombs. The Hungarians said several waves of planes attacked Sofia last night, killing several persons. The Algiers communique said rail targets were blasted.

### Shot Down 9 German Planes

Two big waves of American Mitchell medium bombers dropped many tons of bombs on the Sofia rail yards and shot down nine of 24 challenging German planes. Headquarters in Algiers said the attack was aimed at dislocating the whole Balkan rail system, since German supplies funnel through Sofia to Greece, the western Balkans and the Aegean. Railways from Hungary, Rumania and Bulgaria converge on Sofia. Bombs smashed the locomotive repair shops, the main line depot and the car assembly shops and tangled tracks throughout the yard.

The Germans threatened dire reprisals on Britain for the Sofia bombing. Berlin shed crocodile tears, saying "neither the British nor Americans can claim they were retaliating against Bulgaria, because the Bulgarians have never done anything which could in any way justify such action." The Nazis said many were killed.

## BULLETINS

### Washington, Nov. 15 (AP)—

President Roosevelt asked Congress today to authorize appropriations for United States participation in activities of the United Nations Relief and Rehabilitation Administration.

After the UNRRA meeting in Atlantic City ends, he said he would inform Congress of its result and ask the appropriation of specific sums.

Nassau, Bahamas, Nov. 15 (AP)—Shortly after it was learned that he has been invited to leave the Bahamas, Alfred De Marigny announced today that he and his wife, the former Nancy Oakes, would be re-married this afternoon because "we were not married in a church before."

Cairo, Nov. 15 (AP)—The situation in Lebanon is "potentially grave" and a real clash between the natives and the French "might come at any time—no one knows when," Curtis Ryan, controller of the British Ministry of Information in the Middle East, said today on his return from Beirut.

(By The Associated Press) A conference of the "leading representatives of the Axis powers"—without a representative from Benito Mussolini's new Fascist government—was held today at the Imperial hotel in Tokyo, a German broadcast said.

Washington, Nov. 15 (AP)—The Supreme court agreed today to review a decision awarding "portal to portal" pay to underground iron ore miners.

Harrisburg, Nov. 15 (AP)—Governor Martin today proclaimed Thursday, November 25, as a day of thanksgiving for Pennsylvania "even in the midst of a devastating war. I call upon our people to observe this day in their homes, and houses (Please Turn to Page 2)

### UNION SERVICE

The annual community Thanksgiving Day service will be held at the Presbyterian church at 9 a. m. November 25, the Rev. Dr. Dwight F. Putnam, president of the local ministerium announced today. The Presbyterian pastor, the Rev. Robert M. Hunt, will deliver the sermon.

Thus in Bulgaria, France, Yugoslavia and Italy, the Allies were collecting dividends on the invasion of Italy. It appeared possible that many planes rose from the nexus of 13 airfields around Foggia.

### Break Nazi Lines

The Russians plunged 30 miles west of recaptured Zhitomir to take Baranovka in a broad advance toward the old Polish frontier.

The Germans said half a million Soviet troops had broken their lines in the Dnieper bend basin between Zaporozhe and Krivoi Rog. Their Paris radio called the battle a large-scale offensive on a broad front. The enemy said another powerful Russian offensive was being pressed in the Gomel and Nevel sectors in the frozen north, compelling the Germans to "modify their lines at some points." Moscow said the Russians had advanced eight miles within seven miles of Rechitsa, White Russian rail center.

Bitter fighting also was reported in the Crimea around Kerch.

### Stalled In Italy

The ground front across central Italy was virtually unchanged. Gen. Eisenhower said "the enemy continues his endeavors to maintain an active defense."

On the Aegean island of Leros in the Dodecanese, a British communique said the invading Germans had been pressed back in the north and center and were suffering substantial losses. The Germans, however, established numerical superiority.

Middle East planes supporting the hard-pressed British and Italian garrison started fires at Gurna bay, Cape Pantali and Alinda bay. They bombed German shipping in Suda bay in Crete and patrolled the Herakleion airfield on that island and bombed the Maritza base on Rhodes. Nine Allied planes were lost.

The emphasis in the southwest Pacific campaign was in the air, also. Allied bombers dumped 223 tons of bombs on Alexishafen and Madang in New Guinea, struck at Rabaul and Gasmata on New Britain, and raked Buka and Buin on which U. S. Marines and infantry are invading on the central west coast.

"Progress now is heartening." Admiral Halsey said of the fighting on Bougainville, last Solomon island shielding the big Japanese base of Rabaul. At sea, American submarines sank seven more Japanese ships, raising their score to 496 destroyed or damaged.

Yugoslav partisan headquarters said the Germans had launched a large-scale offensive on the Dalmatian coast and against Adriatic islands. Some Nazi progress was acknowledged. The partisans said they were fighting Germans and Chetniks of Gen. Mihalovic, as well, in Bosnia and Hercegovina.

## NAZI CHIEF WAS NEAR TRUTH IN MUNICH SPEECH

By DEWITT MACKENZIE  
(Associated Press War Analyst)  
Nazism's great man, who claims to work his wonders by intuition, indeed seems to have had a flash of second-sight (or was it just horse-sense?) during his recent Munich beer-cellar speech when he told his people in about so many words that they were headed for mountains of grief.

The titanic battle on the Russian front has worsened suddenly for the Hitlerites. Two outstanding developments indicate that this greatest of all armed conflicts is in the midst of another far-reaching crisis. These events are:

1. The Red avalanche has engulfed Zhitomir, thereby slashing Hitler's thousand-mile front virtually in two, and pointing a spear-head at the Polish border, some sixty miles away. It is one of the key victories of the war.

### Preparing Public

2. The Germans today announced that half a million Russian troops have broken through the Nazi defenses in the Dnieper-Bend trap which the Muscovites are trying to close about the Hitlerites in that region. This hasn't been confirmed by the Soviet.

The Berlin statement about a break-through at the trap would seem to be calculated to prepare the German public for another big withdrawal of their forces in that area. As a matter of fact it wouldn't be surprising if the retreat already is well on its way.

If this is true, there is direct relation between the retirement in the extreme south and the dangerous extension of the Red wedge which has been driven into the Nazi line at Zhitomir to the north. A deep thrust through the front above the Dnieper bend would render the German position on the southern flank untenable.

### Amazing Russians

The mighty Russian war-machine is gathering momentum as the ground freezes. Thus far the Germans have averted a debacle by the soldierly withdrawal of their unwieldy line, and despite the critical development there's no sign at the moment that they won't be able to continue falling back with some semblance of order. However, their position has steadily worsened and they're on the broad highway to ultimate disaster.

It's an amazing thing that the Russians have been able to keep their terrific offensive moving through the terrible fields of mud produced by the fall rains, especially as they had been driving steadily since July 12 and by all the rules of war were due to pause for rest, repairs and consolidation of gains. The weather and the mud were in favor of the defending Nazis, and the fact that they were unable to halt the Red armies is a clear indication of the superiority of the Russian striking-power.

While the Hitlerites have been able to retreat without falling into a general rout, they not only have been suffering heavy casualties but have lost a colossal amount of material. The steady loss in manpower has been serious, for the harassed Fuehrer has just about drained his reservoir of reserves, both in extreme youth and in middle-age. Still, it may well be that, so far as concerns the exigencies of the moment, his loss in material has been a greater blow.

### Fate a Gamble

If Hitler's war industries were running full blast, and pouring out great quantities of supplies as they did in the early part of the war, then his recent losses in equipment on the bloody battle-fields of Russia wouldn't be so serious. But the American and British bombing team is ripping the German industrial centers to pieces. The Fuehrer can't replace his losses on the Eastern front, and consequently is growing weaker each day as he pulls his line back and leaves more supplies behind.

The harsh corollary to this is that even if the Nazi chief could replace his losses in manpower—which he cannot do—he would be unable to give them the equipment necessary to withstand the Russian onslaught. The German Army still possesses great defensive power, as we likely shall have demonstrated when we undertake the great invasions of France, but it has shot its bolt as an offensive machine.

As things stand, the fate of the retreating German forces is bouncing about like the ball in a roulette wheel, and nobody can say where the ball will drop. While there are bound to be local Nazi disasters, one would expect them to keep retiring in hope of being able to make a stand before long. However, Hitler may not be able to bring his war-machine out of its skid and it may just keep on sliding towards the Reich.

### MAINTAIN INVENTORIES

Washington, Nov. 15 (AP)—Increased sugar inventories allowed retailers and wholesalers on a temporary basis through November 15 will be maintained indefinitely, the Office of Price Administration said today.

## EXPECTING AIR RAID TEST FOR C-D UNIT SOON

Harrisburg, Nov. 15 (AP)—The State Defense council interpreted a call by Major General Milton A. Reckord of the Army's Third Service command for renewed alertness by Civilian Defense forces as indication "there might be an Army ordered air raid practice at any hour."

General Reckord, in a statement issued at Baltimore last night, said he was "disturbed over reports that a spirit of lethargy appears to be dominating the civilian protection organizations in Pennsylvania and elsewhere."

"To revert now to the pre-Pearl Harbor attitude of mind is dangerous thinking," he declared. "Such a state of mind shows a complete lack of knowledge of, or interest in, the possible lines of action that the enemy can bring upon our shores."

### Army to Call Tests

Reckord added that while large scale raids are improbable, enemy nuisance or token raids are "a very definite possibility."

He also said the State Defense Council's decision not to request alerts or blackouts "has caused some confusion," pointing out that the action does not mean there will be no blackouts but that "the Army alone, without prior reference to the state officials, schedules the test."

The general said he hoped key officials and air raid wardens would not be caught napping in the future and the council replied "we are confident that the air raid protection forces of Pennsylvania will prove themselves ready and alert as they have always been in the past."

## Meat Wholesalers May Borrow Points

The OPA announced today that wholesalers who have the facilities to store meat will be loaned ration points with which to buy supplies during the fall period of high production. By increasing the ration purchasing power of wholesalers during these months, a greater variety of meat will be made available next spring than otherwise would be the case, OPA said.

The meats for which point loans will be made are veal, lamb, mutton and the lower grades of beef, all of which are produced heavily during November and December. OPA expects wholesalers to buy substantial amounts of these meats under the point-loan arrangement, thus cushioning the effects of next spring's decline in output.

OPA ration officials stressed that the supplies bought under point loans are over and above those needed by the government for military, lend-lease and other needs. The purpose is to keep civilian supplies of rationed foods on a fairly even keel.

## Hanover To Get Aid From County

An appropriation of \$12,500 from the general treasury of York county was made Friday by the commissioners, Clinton E. Gobrecht, James McDowell and Howard E. Hanover, toward the expense of the erection of a comfort station in Hanover.

The resolution passed was to the effect that the county will bear half of the cost of a structure not to exceed \$25,000.

An act of assembly of 1937 authorizes counties to appropriate funds for the construction of comfort stations in boroughs with populations of 10,000 inhabitants or more, the board stated.

## Rationing Of Whiskey Begins

Harrisburg, Nov. 15 (AP)—Whisky went on the ration list in Pennsylvania today with extra clerks on hand at the Commonwealth's 579 well-stocked state stores to dole out the restricted supplies.

In Philadelphia, nothing that could be termed a rush developed at the liquor stores as the rationing system was put into effect although short lines formed in front of some stores at the opening time.

The first man in line at one Pennsylvania store made a purchase of wine, ignoring the opportunity to buy whisky.

American's Day Starts With Breakfast

American crystal never asks the time of day. You can set it out for breakfast, again for lunch, dinner, and all other times when food or drink is in order. It sparkles and endures gloriously any setting and is sturdily made to endure hard usage. Another virtue is its amazing low price. Still another, it is open stock. You can always match and add. So can one for whom you buy American as a gift.

# How many more days, Mummy?

"Tell me. How many more days before Daddy can come home?"

And mother doesn't know. So she answers the same way she's answered a hundred times . . .

"Not so many days . . . we hope. Daddy can't come home to us until the war is over. Until we win, you know."

Nobody can tell the thousands of bewildered little hearts when their Daddies will come home.

Nor the millions of other Americans when their husbands, or sons, or sweethearts will be back.

The tragic truth is that many of them will never see their loved ones again. Never.

But this we do know . . .

Every minute by which the war can be shortened means fewer lives lost—fewer white crosses on a lonely hillside.

Your job is to put every dollar you can possibly dig up into War Bonds. The fighting equipment

bought by your dollars will hasten the day of Victory . . . the day when the boys come marching home.

Don't slacken your Bond purchases while victory is within our grasp! Never let it be said that while the attack grows stronger on the fighting fronts, we at home failed to back it to the very limit of our ability.

Dig down deeper. Buy extra War Bonds. Help shorten the war by those vital minutes—or days, or months—which mean American lives saved!

## CRIME AT NAPLES

When they're sitting at the table and are choosing wholly brutal from war's necessary acts.

May those time bombs be remembered when the Nazis took to flight, Which they left behind at Naples to do murder just for spite.

When they're settling things with Hitler, and the others of his gang.

And deciding of his leaders who shall live and who shall hang.

Then I hope they'll get those fellows who so madly worshipped might.

They could plant those bombs at Naples to do slaughter just for spite.

There are crimes men do in warfare to forgive and to forget.

All is fair in war, they tell us who are on the field, and yet

When the peace is being fashioned and the terms they meet to write,

May they still remember Naples and those time bombs set for spite.

**Illumination and Torchlight Procession:** Gettysburg Monday night, was all ablaze with light, by reason of the Illumination and Torchlight procession, in honor of the great popular triumph achieved by the loyal men of the nation on the 3d of November.

At an early hour delegations from neighboring towns began to arrive. Emmitsburg, Fairfield, Hunterstown, Bendersville, Cashtown, Hanover, and other sections, were fully represented. The Bendersville boys came with their brass band, the Hanover club, with martial music, torches and transparencies.

Noticeable in the procession was a delegation of some 15 or 20 men in a wagon attended by outriders, all dressed alike in long white robes, with cowls and disguised faces. These were accepted as a delegation of the "Ku Klux," come either to mourn the defeat of the "lost cause" or to pay tribute to the victorious volunteers of the army of Freedom.

Dr. Weaver had his party of little girls, arrayed in white and bearing miniature flags, and singing as they went patriotic songs and all as

happy as queens. Dr. Tate had his ommbus in line, with spicy illumined mottoes. We noticed also a "Salt River Boat," under charge of our young friend, J. A. Danner. The residences of the Republicans of the town were generally illuminated.

After passing over the route, the procession moved to the "Eagle Hotel," which had been elaborately decorated, and in front of which an immense crowd had gathered, clamorous for speaking. The crowd was addressed successfully, by D. McCounaughy, Esq., Lieut. Wm. R. Eyster, D. A. Buehler, Esq., P. D. W. Hankey, D. L. McKenzie, Prof. Bailly, Capt. C. G. Miller, Mr. Gehbart, and Dr. N. Weaver.

## BEAR HUNTING SEASON OPENS

Harrisburg, Nov. 15 (AP)—Pennsylvania's big game hunters started out today for bear with their chances of bringing in a couple of hundred pounds of unrationed meat the best in years.

The limit for the season, which ends next Saturday, is one bear to a person or two to a hunting party. The game commission has forecast nearly 600 bears may be killed this year as compared with less than 200 last year.

"Conditions are quite satisfactory for bear hunting," declared Seth Gordon, Game Commission director, who pointed out "the weather is starting off quite snappy" and that some hunters are likely to find "tracking snow" in the big woods country stretching from the Pocomo in the east to northwestern Pennsylvania.

Most recent reports to the commission indicated that the bears had not yet holed up for the winter.

"Our experience has been," explained Gordon, "that it is not so much the weather that causes bears to hibernate, but they go to sleep in the winter when they have cleaned up all available food."

He urged hunters who find bears have dug in "to go in and hunt them out and not wait for someone to drive a bear to them."

### GIVES POINTS TO SAILOR'S COLLIE

Wilkes-Barre, Pa., Nov. 15 (AP)—The story of the nameless collie who is awaiting the return of his sailor master at a bus terminal has touched a Pittsburgh woman's heart and she gave up her meat ration points for two weeks to assure him food.

Mrs. R. E. Lynch, of Pittsburgh, sent M. R. Kendig, bus company executive, the points and five one dollar bills after reading how the dog ran, up to every sailor to see if he were his owner.

"I work every day for a living," Mrs. Lynch wrote, "and I'm alone with only a Persian cat for comfort as my husband is in the Army. I know how my 'Butch' (the cat) misses my husband, and cats are not as faithful as dogs."

"I pray all the boys will come home soon, so that no more hearts, even a dog's heart, need be broken by separation."

The bus line, meanwhile, announced it will build a kennel for the dog and keep him until his owner claims him.

### Radio Charter To Check Slanderers

Washington, Nov. 15 (AP)—Predicting that the Senate Interstate Commerce committee will write a general charter for broadcasting, Chairman Wheeler (D-Mont.) said today he would seek inclusion of a requirement that persons "slandered" by radio commentators be afforded an opportunity to answer on subsequent programs.

Wheeler said he had no doubt the committee would incorporate into the proposed measure many of the regulations already put into effect by the Federal Communications commission, and add some new wrinkles of its own.

### Soldier Dies

(Continued from Page 1) moved until a telephone company crew from Gettysburg arrived about 5 o'clock.

The Pittsford ambulance of York Springs brought the injured civilians to the Warner hospital where they remained patients today. The soldiers were brought to Gettysburg by the Adams county ambulance.

Private Ackerson said today no charges have yet been laid. He expects to confer with District Attorney J. Francis Yake on the case.

The coroner said an inquest will be held but has not set the date pending developments in the condition of the injured.

York Springs residents recalled that on the night of September 14, 1941, another soldier, Sgt. Allen Gardner, received injuries in a similar traffic crash at the same intersection that resulted in his death on October 2 of that year.

### CERTIFY THREE FOR OPA POST

Washington, Nov. 15 (AP)—Daniel P. Woolley and Adolph Radnitzer, both of New York city, and Emile A. Mesner, Plainfield, New Jersey, were certified by the Civil Service Commission today as eligible for appointment to the \$8,000-a-year directorship of the Office of Price Administration's Region 2.

From the three, OPA Administrator Chester Bowles will select a successor to Sylvan Joseph, of New York city, who resigned October 22 declaring he had had "about all I can take." He had held the position nearly two years.

The region includes New York, New Jersey, Pennsylvania, Maryland, Delaware and the District of Columbia, a heavily populated area in which living costs and conditions have been complicated by steadily increasing concentrations of war industry.

## FINAL ASSEMBLY

By E. H. LEFTWICH

### Chapter 4

"I'll fire him . . . so help me . . . I'll fire him!"

H. C. Rollins, red-faced and fuming, paced up and down the floor of his office with quick strides. He waved Pete's application form, which he had taken from the files a moment before, in the air, under the nose of his pretty secretary.

"But, you can't fire him!" The girl, grinning, had risen from her seat near the desk. She faced Rollins, eyes sparkling with suppressed merriment. She started to speak again, but could contain herself no longer.

She burst suddenly into uncontrolled laughter, her voice ringing throughout the little room. She fell back into her chair holding her sides with both hands.

"Imagine," she choked, "imagine the great 'H.C.' being played for a sap. Oh, it's too good to keep!" Still laughing she rose again from her seat and stumbled toward the door, but Rollins caught her by the arm.

"No, you don't!" he hissed. "Get back in your seat, and for once in your life, be serious."

"Okay," she grinned. "But I still say you can't fire him."

"Why not?"

"Because all new employees are given thirty days probation. You can't fire one before that unless he does something really drastic."

"Drastic! How in hell could it be more drastic! He lied to me. He played me for a sucker . . . a sap. He told me he worked for Universal Motors, when he was only a mechanic in a country garage."

"Wait," the girl interrupted. "Didn't that garage handle Universal Motors cars?"

"Well, yes . . . but . . ."

"Then he did work for Universal Motors . . . indirectly."

"Indirectly, is right. Then bless Pat, he led me to believe that he was an automotive engineer . . . an engineer . . ."

"Did he actually say that?"

"Well, not exactly, but . . ."

"And I suppose you were so darn busy you didn't take time to look up his application . . . you were so glad to get what you thought was an engineer . . . for sixty-five cents."

"How did you know?" Rollins had taken a seat. He mopped his brow with a limp handkerchief.

"I haven't been your secretary for a year for nothing, or I should say, 'next to nothing!'"

"What do you mean, 'next to nothing?' You got a nickel an hour raise, recently, didn't you?"

"Sure, I got a nickel raise, all right . . . six months ago, when I happened to overhear just why you hired that sap, Charles Brackmyde. I got the raise when I promised to keep my mouth shut. So . . . H. C. . ."

"She paused for breath, her eyes twinkling impishly. "This is going to cost you another nickel, see?"

"I see . . . you little bandit!" "Oh, yeah? Well, that's what you say, but you know darn well, I'm worth every nickel, emphasis on the 'nickel' of it."

"Okay . . . okay. But what am I going to do about this . . . Pete"

Neil? You tell me. You seem to know everything."

"You can't do anything about him."

"Oh, yes I can. Obviously, he's not an engineer, so I'll just send his papers down to his foreman, with a note advising that he be put on the lowest type of 'dog-chasing.' He won't like that worth a damn, and he'll do a bum job. Then, I can fire him. Even if he does a fair job, I can fire him anyway, after thirty days, and as for you . . ."

"He aimed a finger at her forehead. "If you weren't such a good secretary, I'd fire you, too. You're too personal. You know too much. I'm allergic to you!"

"Oh, yes? Well, let me tell you something, H. C. If it weren't for the amusement you afford me, I'd have left this 'big-pay' job of yours long ago. There's nothing I enjoy so much as a good laugh."

Pete lay on his back, hands under his head, stretched out on the sagging double bed in the little room which he was to share with Lester Graham. He had decided to relax for a few moments while Graham had gone to the corner drug store for a pack of cigarettes. In about thirty minutes it would be time to catch the bus for the plant to begin his first night's work.

Casualty he let his eyes rove over the four walls of the room which were covered with badly faded, sickly pink wall-paper and unadorned except for a poorly-executed painting representing a pair of much-too-buxom young ladies playing leap-frog or something on the banks of a lily pond. It was funny, but one of them reminded him of Mary Donnelly, back home.

A couple of cane-bottom chairs in fairly good shape and a nondescript bureau complete an inventory of the room's furnishings. Not much, but what could one expect for eight bucks? It would do until he got his first raise or pulled down some overtime. Graham seemed to be a very congenial sort of chap, and after all, he should consider himself lucky to have found such a friend and a place to live so easily.

In a few moments he would begin his career as assistant to a real aircraft engineer. Maybe this was even better than becoming a pilot. On this job he'd have a real opportunity to learn all about airplanes.

He could become a pilot later, after the war, and earn big money with a background of real practical aircraft experience. Kitty had been right. There was a place for him in the aircraft industry. He must not think too much about Kitty . . . there was Mary Donnelly at home. But he wondered if he'd see her on his first night.

### To be continued

Washington, Nov. 15 (AP)—Professional baseball is "absolutely essential" to civilian and military morale, Senator Lucas (D-Ill.) said today in pointing out that the sport is making valuable contributions to the war effort while using an "infinitesimal" part of the nation's manpower.

"My sincere hope is that nothing will be done by any agency of the government which will in any way disturb the continuation of this great American institution," Lucas said in an address prepared for Senate delivery.

Johnstown, Pa., Nov. 15 (AP)—Derrailment of three cars of a fast freight on a sharp curve two miles west of Johnstown blocked three tracks of the Pennsylvania's main line more than three hours yesterday.

They ate all the leaves off the eucalyptus trees—their only food.

So four hundred people trooped to the island on bicycles, motorcycles and trucks, all loaded down with bunches of the leaves. The teddy bears watched with popping eyes while the people tied the picnic lunch on the barren branches.

## SPORT SHORTS

New York, Nov. 15 (AP)—There was no change last week in the list of the nation's unbeaten and untied football teams that have won three or more games. Notre Dame and the Iowa Seahawks, who clash this week, continue to top the select group of 13 elevens.

New York, Nov. 15 (AP)—The status quo continued in the race for the nation's individual football scoring race last week as the leaders, Bob Steuber, of DePauw, and Steve Van Buren, of Louisiana State, were idle. Steuber tops the list with 129 points while Van Buren is second with 98.

Denver, Nov. 15 (AP)—A bid for a New Year's Day game in the Cotton Bowl at Dallas has been made in behalf of the untied, undefeated Colorado college team by the Denver Junior Chamber of Commerce.

Halfway, Ore., Nov. 15 (AP)—The Halfway High School Wolves have lost only one football game in seven years. And the lone setback was avenged Armistice Day, 32-0.

Halfway goes all the way in football. There are only 26 boys in school and 25 are on the squad.

## SEAHAWKS REAL TEST FOR IRISH NEXT SATURDAY

By TED MEIER

New York, Nov. 15 (AP) — The pressure stays on Notre Dame this week as the college football season heads into the stretch and traditional late November clashes begin to dot the grid picture.

After eight successive week-ends of wrecking such undefeated teams as Michigan, Navy, Army and Georgia Tech the unbeaten and untied Irish, ranked No. 1 nationally, can't afford a letdown at South Bend Saturday against the fearsome Iowa Pre-Flight Seahawks.

Like the Irish, the Seahawks come up to this game unbeaten and untied in eight starts. They boast a strong line in front of a backfield featuring such former professional stars as Dick Todd, of the Washington Redskins, and Frank Maznicki, of the Chicago Bears.

It is safe to say that the Seahawks represent the most formidable hurdle of the season to a perfect Notre Dame record, a fact that Coach Frank Leahy probably won't let his boys forget during practice.

Featuring an afternoon marked by freakish happenings the Irish bowled over Northwestern and Otto Graham, 25 to 6, last Saturday, while the Seahawks took Camp Grant, 28 to 13.

### Freak Play

Perhaps the most weird incident was Ohio State's 29 to 26 victory over Illinois with the deciding field goal being kicked 12 minutes after nearly everyone thought the game ended in a tie.

The gun was fired on the final play, an incomplete Ohio State pass. Players of both teams were in their dressing rooms and the fans were on their way out when the officials ruled Illinois was offside on the play and two seconds remained.

The teams were recalled and the Buckeyes decided to try a field goal instead of a pass. John Stungis, sub back, made good from placement on the Illinois 16 to win Ohio State's first Big Ten game of the year.

Sportswriters had to dig out the rule book to check on a seldom seen play—a forward pass thrown from the end zone that falls incomplete behind the goal line—that helped North Carolina upset Pennsylvania, 9 to 6, and Army come from behind to defeat Sampson Naval, 16-7. In each case the officials ruled an automatic safety for the defending team, that is, for the Tarheels and the Cadets.

### Trojans Routed

The 35-0 rout of Southern California by the Fourth Air Force of March Field and Oklahoma's 20-13 conquest of Missouri in the Big Six conference also came under the head of surprises. Jack Jacobs threw three touchdown passes to spark the March Field flir.

Saturday's results left these teams outstanding in their areas:

East: Navy, 61-0 victor over Columbia; Dartmouth, 20-0 winner over Cornell, and Army.

South: Duke, 49-0 winner over Virginia; and North Carolina.

Southeast: Georgia Tech, which walloped Tulane, 33-0.

Southwest: Unbeaten, but tied Tulsa and Texas Aggies; and unbeaten, untied Randolph Field.

Midwest: Notre Dame, Iowa Seahawks, Purdue, all unbeaten and untied; and Michigan, beaten only by Notre Dame.

Big Six: Oklahoma, Rocky Mountain: Unbeaten, untied Colorado college.

Pacific Coast: Unbeaten, untied, Washington and USC who are to meet in the Rose Bowl; and March Field.

Traditional games on tap this week-end include: Dartmouth-Princeton; LSU-Tulane; Pitt-Penn State; Temple-Villanova; Purdue-Indiana; Ohio State-Michigan; Illinois-Northwestern; Wisconsin-Minnesota; and Duke-North Carolina.

Other tilts pair Randolph Field-North Texas Aggies; Colgate-Columbia; Army-Brown; Drake-Tulsa; Clemson-Georgia Tech; St. Mary's-UCLA; Missouri-Kansas; and Rice-TCU.

## Eastern League To Operate In '44

New York, Nov. 15 (AP) — The eastern baseball league was planning to operate as usual in 1944 today and President Thomas H. Richardson announced that the circuit will hold another meeting here November 30.

League officials postponed final action on the troublesome Springfield, Mass., franchise at an executive session yesterday but did consider 16 proposed amendments to the association code.

It was understood that the league members rejected a proposed amendment to the minor league rules that would proportion votes among the various circuits on the basis of their classification. The Wilson baseball, considered by club representatives as a "lively pellet," was adopted for next year.

James McKinnon, president of the Elmira Pioneers, was elected president for a one-year term succeeding Thomas McCaffrey, president of the Albany Senators.

## SPORTS ROUNDUP

By HUGH FULLERTON, JR.

New York, Nov. 15 (AP) — Pigskin post-mortem: . . . It probably was the grand climax of an unusual season Saturday when Texas A. actually sent in the water boy—four-foot, 11-inch Billy Andrews—to kick a couple of extra points against TCU. . . . Up to last week there hadn't been as many oddities on the field as you might expect in a season when colleges officially dropped football, then came back with "informal" teams, when some players turned up on two or three different teams through Navy transfers, when student managers were pressed into service, when colleges like Columbia had stars of All-American caliber right handy, but ineligible.

### GRIDIRON GREMLINS

Some of Saturday's strange happenings:

North Carolina and Army scored all-important points when their opponents' forward pass attempts from behind the goal line were grounded in the end zone for safeties. . . . One of these a season would be enough. . . . Penn State had to recruit officials from the stands and the press box for its games with Temple when the men assigned were late in arriving. . . . And Ohio State's players had to be called back from the dressing room to kick the field goal that gave them a 29-26 decision over Illinois.

### HIGHER AUTHORITY

When someone asked Greasy Neale, rough and ready coach of the Phil-Pitt Eagles, why he never ran on the field to dispute decisions like the other pro coaches, Neale replied: "I'd like to, but I've been ordered to remain on the sidelines." . . . The surprised questioner asked where such orders came from. . . . Greasy looked sad and replied: "My wife."

### ADD SPORTS ROUNDUP MONDAY MATINEE

The war plan that employs the Indians' Oris Hockett plans to appeal the ball player's 1-A draft classification because "toolmakers are hard to find" . . . so are good outfielders, but either way Hockett won't likely be playing next season.

Remigio Saavedra, the Argentine bike rider who collected gas coupons from fans to keep his "windbreaker" car in motion, repaid them by completing his 689 mile non-stop trip in a little under 18 hours. . . . The Rangers' Frank Boucher explains that he's in condition to play hockey at the age of 42 because farm help was so scarce last summer he had to do the work himself. . . . The Army team sat in on yesterday's Giants-Bears fracas to see how the "T" formation should be worked—and the boys probably decided it's easier to become generals than Bears.

### NO SALE

The other day Ford Frick, national league president, tried to put over a fast one on Brooklyn's Branch Rickey by suggesting that they bet a hat on the football game on their old colleges, DePauw and Ohio Wesleyan. . . . Showing that his mind isn't always on baseball, Rickey shot back: "No you don't. I read the papers, too." . . . DePauw, if you haven't noticed, has the nation's highest grid scorer in Bob Steuber and a flock of other Navy trainees who have helped Bob pile up the touchdowns.

## SELECT ROSE BOWL TEAMS

San Francisco, Nov. 15 (AP)—The war has shattered another precedent in the sports world. There will be no East-West football game in the Rose Bowl January 1.

Instead, twice-beaten University of Southern California and undefeated University of Washington will make it an all-western affair with the Pacific Coast Conference championship at stake.

A special committee of the coast conference yesterday picked Washington's virtually untied but apparently powerful Huskies to oppose the fast-fading Trojans, winners of the southern half of the war-split conference title, in Pasadena New Year's Day.

The committee said it had "explored in full the possibility of playing a game of traditional east-west character but from all points of view, including the military, the Washington - Southern California contest was the most desirable and practicable under present war conditions."

It will be the first time in the history of the Rose Bowl contests at Pasadena—dating back to 1916—that two Pacific Coast Conference teams have met. In World War I, service teams from the west coast played there on New Year's Day. Military orders against large assemblages forced removal of the 1942 game to Durham, North Carolina, where Oregon State defeated Duke university 20-16.

### GOLF STAR KILLED

London, Nov. 15 (AP)—Pamela Barton, 26, twice winner of the British and American women's golf championships, was killed Saturday as the plane in which she was a passenger crashed in a take-off.

## LANCASTER 11 FALLS BEFORE DELONE 18-12

Delone Catholic High gained sweet revenge for an earlier season defeat by defeating Lancaster Catholic 18-12 in a game played on the McSherrystown gridiron Sunday afternoon before approximately 1,200 fans.

Coach Jake Dracha's team rolled up an 18-0 lead before the visitors could tally. Lancaster's final score coming in the last 10 seconds of play.

Early in the first period Delone secured possession of the ball on the Lancaster 30 through an exchange of punts and two plays later W. Noel swept around left end for 23 yards and a score. Rider's placement was wide.

### Delone Scores

After stopping a drive by the Squires on the 15-yard line in the early minutes of the second period, Lancaster kicked out to its 40. A pass was good for a first down on the eight. Folmer hit center for yards and then Fulk crashed over. Rider's extra point kick was again wide.

Midway in the third period G. Lawrence intercepted a pass on Lancaster's 40. Noel and Folmer pounded out a first down and then Folmer smashed his way through the line for the score. Again Rider's kick was wide.

The scrappy Lancaster team took to the air for its first touchdown, Krushinski hurling a 10-yard pass to Pittipaldi who went 30 yards to the touchdown. Gregg's placement was wide.

### Catches Own Pass

Lancaster tallied in an unusual play in the last 10 seconds. On attempting to pass from the Delone 40, Krushinski's pass was batted into the air by a Delone lineman. The ball was caught by Krushinski before it hit the ground and he swept wide around his own left end and

## 3 HIGH SCHOOL GRID ELEVEN CLINCH TITLES

(By The Associated Press)

Championships in three of Pennsylvania's major scholastic football leagues appeared to be decided today following week-end competition, but in the Western conference the winner was very much in doubt and a game which was cancelled could decide the title.

Dunmore, Allentown and Lansford apparently have clinched first places in their respective circuits, but Ebensburg and Windber must wait while other teams decide their fate.

Ebensburg leads the Western conference with 210 points on six wins and a loss and Windber is five points behind, although sporting a record of five wins and no defeats. Ebensburg is a top-heavy favorite to score a victory over Cresson Friday, a game which will have no bearing on the race unless Cresson should score an upset.

### Title Scramble

However, three other games on the schedule, one of them listed as cancelled, could decide the winner. Ebensburg could climb to 220 points should Huntington down Mt. Union, and Windber could tally 215 if Hollidaysburg tops Lewistown. The third game, between Conemaugh and Portage, has been cancelled. Since Windber has beaten both teams, a victory for either would have added five points to the Coal-towners' total.

Dunmore, unbeaten in five games, has a commanding lead in the Northern division of the Eastern conference, and Lansford, boasting seven wins, has a wide margin in the Southern section. The two are almost certain opponents in the post season title clash.

Allentown holds a 73-point lead over twice tied Steelton in the Big 15. With only one game remain-

## Hershey Bears Lose 1st Game

(By The Associated Press)  
After taking a 9 to 3 pasting from Cleveland on Saturday night, the Providence Reds executed an about-face in the American Hockey League yesterday to hand the Hershey Bears their first defeat of the season.

Hershey, unbeaten in its first six games, scored twice in the first five minutes of play, but the Reds rallied for a 5 to 2 victory. Jack Toupin scored two goals himself and assisted on two others. The Hershey defense previously had yielded only 10 goals in six games.

The Buffalo Bisons, who tied Hershey on Saturday, came from behind to tie Cleveland, 3-3, by scoring two goals in the last period.

Pittsburgh and Indianapolis played their third consecutive tie game, 3-3, with the 'Caps tying the score in the final period when N. Smith took a rebound off the glove of Pittsburgh's goalie, Roger Bessette, for a closeup shove into the net. Indianapolis now has played five ties in eight games.

ing, that with Liberty High of Bethlehem in the traditional Thanksgiving battle.

Seeking a second straight title in the Wyoming Valley race, Wilkes-Barre Meyers holds a slight lead over Berwick, 1941 titlist. In the Luzerne county conference, West Pittston, unbeaten in six games, is far ahead of the rest of the field.
